

Notice to Bidders:

The City of Chetopa is accepting sealed bids for roof repair of the rock building at 318 Maple Street. Work includes removal and replacement/repair of existing roof. Specification of work to be completed is as follows: Girting existing roof with 2"x 4" or larger material to existing rafters, installing moisture barrier/insulation, and covering with 29 gauge or thicker metal roofing material. Also required is installation of end and side wall trim with proper seals to prevent internal water penetration/seepage. Sealed bids will be accepted until close of business on Monday, 06/15/2026, at the City Office located at 618 N. 11th Street. Any bids received after this deadline will not be considered.

The City reserves the right to reject any or all bids.
