Have you ever had questions about any of these subjects?

Did you know that the term "Rapture" never occurs in the Bible? However, the concept of its truth is revealed in the Bible, and it could happen at any time, and very soon.

The events of the last days will be considerably different from that which Hollywood portrays.

We need to know the truth because it affects and involves all of us.

If you would like to explore these truths with us we would enjoy having you. The study begins April 12, 2015 at 9:45. You can enter the East end (fellowship hall) of the church through the North door; signs will be posted to direct you to the classroom. It will be an informal time of questions, answers and discussions.
